Full Conference information at www.probonoconference.org

The Annual Asia Pro Bono Conference remains a trade mark of the Asia region, where an appropriate partner is chosen each year to host the event. The event rotates amongst Asian countries annually, attracting a higher number of delegates each year, with the most recent Conference in Singapore hosting over 350 participants from more than 25 countries. After the serial successes of each previous Asia Pro Bono Conference – in Vientiane, Laos (2012); Ho Chi Minh City, Vietnam (2013); and Singapore (2014) we have already received an overwhelmingly positive response to the 4th Asia Pro Bono Conference & Legal Ethics Forum in Myanmar with a projection of more than 500 participants from Myanmar, the region and the globe.

The primary objective of the Conference is to support the development of socially aware, ethical lawyers and non-lawyers to actively participate, advocate and lead pro bono initiatives as a means to strengthen access to justice on behalf of people in fragile or vulnerable situations.

This year’s Conference theme is “Pro Bono and Ethics Build a Noble Legal Profession”
