COVID-19: A Curse or a Blessing for Women in Law?

**January 14, 15:30 New Delhi • 18:00 Hong Kong • 10:00 London
via Zoom**

In celebration of the 100th edition of the IPBA Journal (December 2020) with its specific focus on Women in Law, the IPBA brings you this special webinar.

The coronavirus has changed everything about our daily lives. The legal landscape, like many other sectors, has witnessed changes over time and continues to evolve and reinvent itself with the challenges of the global pandemic. But every challenge also brings an opportunity. With the recalibration on account of the virus, hard looks at the bottom line and a shift to remote and/or flexible working arrangement, what are the opportunities for women - who otherwise face a multitude of obstacles - to pursue a successful career in law?

Moderated by Priti Suri, Chair of the IPBA Publications Committee, a panel of seasoned speakers drawn across multiple jurisdictions shall share their personal and in-country experiences on how the pandemic has impacted them and their work.
